

Robert Bissonnette, MD, FRCPC

Founder and CEO

Innovaderm Research

Montreal, Quebec, Canada

Dr. Robert Bissonnette is the president and chief executive officer at Innovaderm, the company he established in 2000. For more than 20 years, Dr. Bissonnette has dedicated his efforts towards the advancement of research in dermatology. Dr. Bissonnette has conducted nearly 200 studies ranging from proof-of-concept to phase III. As a Key Opinion Leader, he has extensive knowledge of clinical dermatology, clinical research, and the dermatology market, and is a great asset to our clients. Dr. Bissonnette has published more than 265 articles and book chapters and delivers lectures on various aspects of dermatology at national and international conferences. After receiving his medical degree from the University of Montreal, he completed his residency training in dermatology followed by his clinical research training at McGill University and the University of British Columbia. Dr. Bissonnette is a board-certified dermatologist and served as an associate professor of dermatology at the University of Montreal until 2004. He is regularly invited to advisory board meetings to share his expert opinion on clinical product development. Dr. Bissonnette is internationally renowned for his clinical expertise in atopic dermatitis and psoriasis.
